RESPONSE TO OFFICIAL COMMUNICATION

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Official Communication dated November 16, 2007, Applicants
submit this paper:

Remarks/Arguments begin on page 2 of this paper.

REMARKS/ARGUMENTS

The Office, in the Official Communication of November 11, 2007, has stated that a copy of the Sequence Listing in Computer Readable Form (CRF) has not been submitted.

This is incorrect. Applicants have submitted, along with this paper, a copy of the Date Stamped Filing Receipt dated October 26, 2006. Applicants note that the last item acknowledged by the Office as having been submitted is entitled "Computer-Readable Sequence Listing (Diskette)."

Applicants further note that, as described under MPEP 503, "The USPTO will stamp the receipt date on the postcard and place it in the outgoing mail." "A postcard receipt which itemizes and properly identifies the items which are being filed serves as prima facie evidence of receipt in the USPTO of all the items listed thereon on the date stamped thereon by the USPTO."

Accordingly, a CRF of the Sequence Listing has been submitted to the Office, and the burden now shifts to the Office to rebut the enclosed prima facie evidence of submission.

As a practical matter, Applicants respectfully submit the Office lost the CRF of the Sequence Listing.

As a courtesy to the Office, Applicants have resubmitted the CRF of the Sequence Listing Submitted on October 26, 2006.

The information submitted in the CRF of the Sequence Listing is identical to the information contained in the paper copy of the Sequence Listing. No new matter has been added.

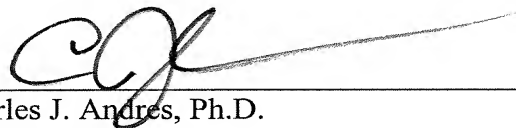

Applicants submit the present application is now in condition for examination on the merits. Early notification to this effect is earnestly solicited.
